## CardioCare

Digital Health Platform

A REVOLUTION IN CARDIOVASCULAR IDENTIFICATION AND MANAGEMENT

### Do you spend hours looking through thousands of records for patients who may be eligible for clinical trials?

The CardioCare platform uses proprietary AI algorithms and big data processing to automatically screen your entire patient population against clinical trial criteria to provide you with the short-list of patients you need to focus on.

### Automated, curated patient lists at your fingertips!

**+50%** enrollment increase at one recent site.
