

egniter Profile

HEATHER GOW, TECHNICAL OPERATIONS

Heather Gow loves spending time with her family and anything that involves being active (attending workout classes, paddleboarding, hiking, traveling, or camping). Outside of work, she's cheering her kids on at sporting events. And as a Senior Technical Project Manager, Heather assists our clients with their technical implementation of CardioCare.

HOW DID YOU FIND EGNITE?

A friend (and now colleague) of mine reached out to me with a job opportunity she thought I would be a great fit for. After learning about egnite, meeting with leadership, and hearing about the mission, I knew it was an opportunity I needed to pursue and I am so thankful I did!

WHAT IS THE BEST PART ABOUT WORKING AT EGNITE?

My colleagues. I am so fortunate to be working with such an amazing group of people. They are ambitious, eager to assist one another, strive for excellence, and passionate about egnite's mission. Their energy is infectious and there is no limit to what we can accomplish together.

WHAT ARE YOU MOST PROUD OF WORKING ON HERE?

While I am primarily focused on the technical implementation of CardioCare, I find it very rewarding to hear about the impact our clients are having on patient lives.

WHAT IS A LESSON YOU LEARNED EARLY IN YOUR CAREER THAT YOU STILL GO BACK TO TODAY?

I had a professor in college once tell our class that the career we were working towards most likely did not exist yet. With how quickly technology advances I think about this statement often. It is a good reminder of the importance of being innovative, embracing change, and the ability to adapt quickly.

WHAT MAKES EGNITE UNIQUE FROM YOUR PERSPECTIVE?

egnite's strong collaborative culture is incredibly unique. Collaboration is ingrained into every aspect of our work which leads to creative solutions. It also encourages a culture that allows you to feel a part of all areas of the company.

WHAT ADVICE WOULD YOU GIVE TO A NEW EGNITER?

Congratulations and get excited - you will love it here! Do not hesitate to reach out and ask questions.

Interested in joining our team? We're hiring!
