

egniter Profile

KYLE EBERST, DATA SCIENCE

As the company's data scientist, Kyle ensures we're able to deliver analytical insights to our clients and clinical partners. He partners with the technology and clinical science teams to drive patient-centered research and analysis using real world evidence. When he's not working with his teammates, he focuses his energy on trying to keep up with his two young children.

HOW DID YOU DISCOVER DATA SCIENCE AS A CAREER PATH?

In grad school I was offered a TA position for a statistics course. Initially I thought it would be very boring, but I ended up enjoying it immensely. This experience led me to shift my career to data science.

HOW DID YOU FIND OUT ABOUT EGNITE?

I discovered egnite while searching for open positions at healthcare related companies. I was immediately struck by the company's innovative technology, dedicated team, and inspiring mission.

WHAT'S THE BEST PART OF WORKING AT EGNITE?

The best part is working with an incredible group of intelligent and friendly people all committed to the same goal. Seeing the impact of our work at client hospitals and through our academic research is also really rewarding.

WHAT'S YOUR FAVORITE PART ABOUT YOUR ROLE?

What I find most engaging about my role at egnite is the opportunity to perform analyses that contribute to improving patient care. Additionally, our company's focus on innovation means I am constantly trying new things and learning new skills.

WHAT HAS SURPRISED YOU ABOUT WORKING HERE?

I was initially surprised that as a fully remote company egnite has such a strong culture. Everyone is passionate about our mission and eager to help which makes for a great workplace.

WHEN DO YOU DO YOUR BEST WORK?

I think my best work emerges when collaborating with other teams to create analyses (while drinking good coffee).

WHAT'S THE ONE PIECE OF ADVICE YOU'D GIVE TO A NEW EGNITER?

Don't hesitate to ask others for help and advice especially if you come from a non-medical/clinical background. There's a wealth of domain knowledge within our organization. Be proactive in utilizing it.

Interested in joining our team? We're hiring!
