

Leveraging CardioCare to Get with the Guidelines

MORRISTOWN'S EXPERIENCE WITH THE CARDIOCARE PLATFORM

CardioCare
Digital Health Platform

Atlantic
Health System
Morristown Medical Center

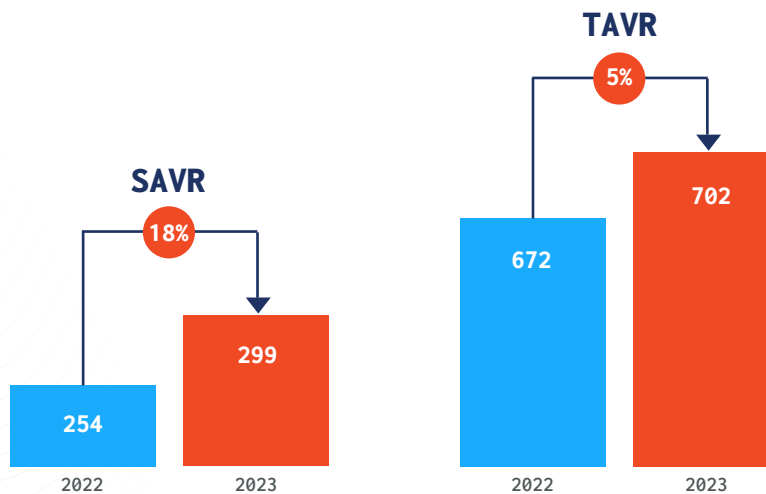

In implementing the CardioCare platform, Morristown Medical Center identified two main goals:

- 1 Accelerate American Heart Association's Get with the Guidelines initiative for patients with aortic stenosis
- 2 Improve time-to-treatment for structural heart patients

REAL-WORLD RESULTS WITH THE CARDIOCARE PLATFORM

Morristown's Aortic Valve Replacement Procedures

2022 vs. 2023

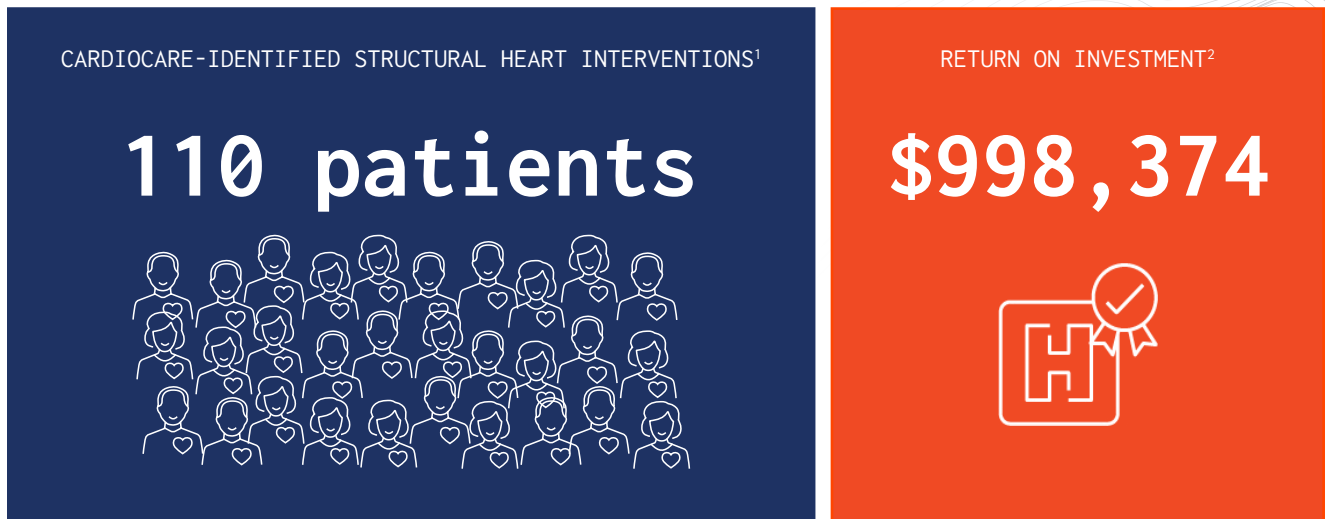

“ Digital health is the future. With this technology, I can screen more patients faster, and make better decisions on who would benefit from intervention. CardioCare played a key role in helping us improve our treatment rates of severe symptomatic aortic stenosis patients. ”

Philippe Généreux, MD, FACC
Director, Structural Heart Program

6X RETURN ON INVESTMENT WITHIN 14 MONTHS OF USING CARDIOCARE

CardioCare Impact

“ CardioCare’s AI tools will help us ensure that every patient receives optimal evaluation and management of their heart disease. Its big-data approach will also help us identify patients who might be candidates for one of many research trials, thereby potentially giving patients access to otherwise unavailable therapeutic options. ”

Linda Gillam, MD, MPH, FACC, FAHA, FASE, FESC
Chair of Cardiovascular Medicine
